

## Amateur Radio Club – W1SSH

**August 5, 2013**

**To: All Amateur Radio Operators, Volunteers Needed.**

The South Shore Hospital Amateur Radio Club has once again been asked by the organizers of the Plymouth Boys & Girls Club “Run To The Rock Road Race” to coordinate Amateur Radio communications for the annual Run To The Rock Road Race on September 7, 2013.

We are in need of approximately 35 Amateur Radio Operators to assist in manning positions along the 3 different routes throughout Plymouth that the runners will be traveling. Start time for the Radio Operators is 7am and all positions on the course should be finished by noon.

Assisting the South Shore Hospital Amateur Radio Club with this event will be members of the Whitman Amateur Radio Club, the Genesis Amateur Radio Society, K1USN Radio Club, and the Massasoit Amateur Radio Association.

If you’ve never had the opportunity to participate in a public service event this is one of the easiest to gain experience from. It’s a great opportunity to meet and work with fellow hams for a very worthy cause. No previous experience is necessary. We will provide you with all the information you need and help from experienced operators is always available. A Standard 2 meter radio (portable preferred) is required.

There will be a cookout at the conclusion of the race for the runners and volunteers at the Finish Line.

To volunteer for this event, please send an email to [SSHARC@GMAIL.COM](mailto:SSHARC@GMAIL.COM).

Please include your name, call-sign, phone number, and T-Shirt size.

Additional information about the race is available at <http://runtotherock.webs.com>.

If you have any questions please do not hesitate to contact us at the email address above.

Sincerely,

John O’Neill – K1JRO  
President

South Shore Hospital Amateur Radio Club – W1SSH

John Barbuto – KS1Q  
Vice - President
