“This is <<net control>> for the **XXX** Net (Where XXX is Sector XX RACES Net or Eastern Massachusetts ARES Net) Calling Whiskey One Zulu Sierra Alpha, Roger Turner”
(No Response) Pause

“Station W1ZSA, Roger Turner, longtime Emergency Management Director for the town of Walpole and founder of Norfolk County ARES/RACES/SKYWARN has handled his final ARES/RACES/SKYWARN traffic, completed his final assistance in planning for ARES Workshops and SKYWARN training at facilities in the town of Walpole and has joined the honored ranks of the silent keys. He has been our colleague, our mentor, and most importantly our friend. Each and every one of us is a better operator due to his example and a better person due to his friendship. Our team and each of us is less due to his loss. May he rest in peace where the DX is plentiful, all HAMS operate to his gentlemanly standards and the weather is fine with fair winds and following seas.”
